The GB monitors the overall development of the works and takes stock of its development from the Principal. In this way, the management information system performs its works.

Part-B

CRITERION I – CURRICULAR ASPECTS

1.1 Curriculum Planning and Implementation

1.1.1 Institution has the mechanism for well planned curriculum delivery and documentation.
Explain in 500 words

The institution follows the curriculum provided by the affiliating university that is Gauhati University. It has, by itself, no scope to make revision, addition or omission to the existing curriculum. The college however runs self financing and self designed vocational courses on Computer Application, and Cutting and Embroidery.

At the beginning of every academic year the **academic committee** of Bapujee College, Sarukshetri, with Principal as Chairperson, Vice-Principal, IQAC Co-ordinator, and HoDs of all departments chalks out a plan for curriculum delivery. The committee oversees the proper maintenance of classes, the coverage of syllabus, and related matter.

The **academic calendar** is prepared in accordance with the one issued by the parent university, which is Gauhati University, with slight modifications, however, to better suit the objectives of the institution. The Principal forms a committee of experienced senior teachers to prepare the **class routine**. The heads of every department call a meeting with departmental faculty members to plan the departmental time schedule of various classes and the syllabus is distributed amongst the members. The teachers are instructed to complete their syllabus within the stipulated time period. After completion a significant portion of syllabus the college authority conducts a meeting to hold the sessional examination on the basis of date provided by GU and also which is reflected in our academic calendar.

The Principal conducts timely meetings among the teaching to get timely updates about course progression.

Yes	No	No	Yes	Yes
1.4.2 How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)				
<p>The internal quality assessment of an institution depends largely on the feedback mechanism of the institution. Feedback is necessary in order to appraise the service provided by the institution within the social set-up of which it is a part. A vigorous feedback system measures the satisfaction of all its stakeholders viz. students, teachers, parents, alumni etc., and helps the institution to chalk out a map for future action.</p> <p>There is a regular feedback system in the institution in every academic year. Effective questionnaires are prepared and distributed among the stakeholders. The feedback collected is then analysed by the Principal, and if it strongly reflects weaknesses of the institution, a meeting of the Governing Body is called for to talk through and resolve the problems. If it reflects weaknesses of individual teachers, the Principal calls for meetings and discusses the matters with the departments.</p>

2.3.2 Students mentoring system available in the institution? Give details. (maximum 500 words)					
<p>There is no organized system for mentoring students in the institution. But mentoring continues in an informal, unorganized manner right from the time students are enrolled in a course. For the first year UG students, a notice is issued where rules and regulations of the institution, and other instructions are enumerated for their information and disciplinary purposes. Through classroom interaction, teachers make constant effort to estimate and identify the students' strengths or weaknesses in various areas, and work on those accordingly. Remedial classes are frequently arranged for academically weaker students. For career-related concerns, career counseling programmes are organised at regular intervals. Students often approach teachers to discuss matters outside the purview of the academic, that is, problems that they face in their adolescent or young adult life, be it personal, psychological, financial, or otherwise. Teachers do their best to give them proper advice or aid, as the case demands.</p>

The total campus area of Bapujee College is 15.43 acres. The college has 12 classrooms and 2 laboratories. The college campus is Wi-fi enabled and the library is automated with internet accessibility. Before a new academic session begins, the President of the governing body and academic council comprising of the Principal, Vice-Principal, IQAC Co-ordinator, and all the Heads of the departments meet to formulate policies after discussing various matters related to the requirements of the college covered under the head of physical facilities viz. classroom maintenance, electricity and telephone bills, teaching-learning material, library books, water supply, campus cleaning, playground and sports facilities, among others. Based on the requirements, the GB approves to allocate a given amount for the maintenance and repair of the same.

The Principal forms Admission Committee, Prospectus Committee, Daily class Routine Committee at the beginning of each academic session. The admission committee conducts all duties related to the admission process. The Prospectus committee prepares the prospectus and academic calendar in strict accordance with Gauhati University. The college updates its prospectus every year with the help of IQAC which acts as a handbook for students with all necessary information and institutional guidelines regarding student support services. IQAC arranges counseling and other support services to the students through the Career Counseling Cell, Grievance Redressal Cell, etc. the College has been providing remedial classes to students who are in need of special academic assistance. The Principal also forms an Examination board to conduct exams, both internal and external. The internal exams are conducted independently by the college, while the external exams like end-term examinations are held as per GU directives. The Centre Committee of the college supervises the overall conduct of examinations.

The academic council comprising of the Principal, Vice-Principal, IQAC Co-ordinator, and all the Heads of the departments meet regularly to monitor and discuss the progress of students in sessional examinations as well as the results of term end examinations. All the departments organize periodic class tests or seminars to assess the academic progression. The progression of co-curricular activities is also closely monitored through different events like College week, and other activities and participations of the students. The annual college magazine provides a platform to students to exhibit their creative and literary genius, and thus becomes a way of assessing students' quality in the literary field.

CRITERION VI –GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 Institutional Vision and Leadership

6.1.1 Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The institution has practices of decentralisation and participative management. The administrative and academic structures of the college are designed such that there is a mechanism for inclusion and accommodation of all stakeholders at various levels in the policy-making and decision-making process.

The Principal is the administrative and academic head, followed by the vice-Principal, and the heads of the departments. On the administrative ground, governing body is in the top position and all administrative decisions are directed by the GB which are conveyed to the various departments through the Principal and vice-Principal.

Following are two such practices of decentralization are:

❖ Examination Board

In case of conducting periodic examination –sessionals, terminals, etc- the Examination Board plays a crucial role. This board takes all crucial decisions regarding fixation of exam dates (in case of internal examinations), shifts, question papers, invigilation duties, and related matter.

❖ Election Commission

During the students' elections, the principal, in consultation with the heads of different departments,

fixes the date and time of the general elections of the students union. In this meeting the election commission is formed with the principal as the Returning Officer; two experienced senior teacher are appointed Assistant Returning Officers, and at least three teachers are selected as members of this body, along with two student members. The Election Commission appoints Polling Officer and presiding officers for the smooth conduct of the student Body election.

6.1.2 Does the institution have a Management Information System (MIS)? Partial

Yes.

There is a 'Governing Body' (GB) for the smooth management of the institution. All the plans and programmes prepared by the college authority having discussion with various stakeholders are finally approved by the GB for execution. The GB monitors the overall development of the works and takes stock of its development from the Principal. In this way, the management information system performs its works.

6.2 Strategy Development and Deployment

6.2.1 Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

❖ Curriculum Development

The institution follows the curriculum provided by the affiliating university that is Gauhati University. It has, by itself, no scope to make revision, addition or omission to the existing curriculum. The college however runs self financing and self designed vocational courses on Computer Application, and Cutting and Embroidery.

❖ Teaching and Learning

Teachers at Bapujee College put their best efforts to make teaching learning fruitful and student friendly, Class seminars and group discussions are organised in addition to the normal routine classes. Students are assigned projects and encouraged to take part in seminars on selected topics and in exposure visits.

❖ Examination and Evaluation

In our college, regular internal assessments, sessional examinations are conducted for evaluation of the students' academic development. There is an Examination Board to conduct all the internal examinations and to make all necessary arrangements for external examinations. Separate examination committees are formed to conduct the HS and TDC final examinations. Besides this, unit tests as well as periodic class tests are conducted by respective departments. Evaluated answer scripts are shown to the students followed by teachers' suggestions for further improvement.

❖ Research and Development

Research and Development is always encouraged here. A significant number of teachers are involved in research activities. Authority helps and supports in every possible way. Teachers who want to do research works under the FDP scheme of UGC, or want to go for short-term, refresher courses or orientation programmes, are released from their normal duty of the college.

❖ Library, ICT and Physical Infrastructure / Instrumentation

The central library of Bapujee College has around 15,000 books besides important journals, newspapers and magazines, CDs and videos. The library is automated through the Integrate Library Management System – ILMS. Its functioning is governed by the library software “Soul 2.0”.

The digital library is maintained with software to upload and upgrade various e-resources (books, journals, database). Online Public Access Catalogue (OPAC) system enables the users to locate and access the resources of the library. Surveillance system of the library is active. Our library subscribes to the UGC N-List programme. We have subscription to INFLIBNET.

❖ Human Resource Management

The college has a well scheduled plan for effective communication with its staff. The management negotiates on key issues to ensure healthy relation with the staff. There is a safe and secured working environment in the college and the college provides professional development opportunities to enhance performance of the employees.

❖ Industry Interaction / Collaboration : NIL

❖ Admission of Students

The admissions are made purely on merit basis obeying Government rules and regulations. Cut off mark is determined by the number of applicants and available seats in the institution.

6.2.2 : Implementation of e-governance in areas of operations:

❖ Planning and Development : Not implemented

❖ Administration : Partially implemented through Website, e-mail, Whatsapp groups, etc

❖ Finance and Accounts : Partially implemented. Payments under RUSA are done through PFMS and RTGS or online.

❖ Student Admission and Support: Partially implemented through college website

❖ Examination: Gauhati University makes it compulsory to submit registration forms and examination forms online, and the end-semester results are also declared online. But examinations are not held online.

6.3 Faculty Empowerment Strategies

6.4 Financial Management and Resource Mobilization

6.4.1 Institution conducts internal and external financial audits regularly (with in 100 words each)

Every year internal audit is done. For smooth execution of this task, the GB appoints two auditors, preferably one internal member and one external auditor, and together, this team examines the funds and prepares a report which is then presented in a staff meeting. Anomalies are cleared through discussion. External audit is also performed regularly. With due permission of the governing body, the Principal submits an application to the Director of Local Audit, Barpeta, Govt. of Assam to appoint an auditor. The department appoints one or two auditors accordingly. For a given period, the auditor(s) makes regular visits at the institution and prepares a report, and submits the same to the Govt. of Assam.

On the basis of this report, the Govt. takes necessary steps.

CRITERION VII – INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 Gender Equity (Number of gender equity promotion programmes organized by the institution during the year)

Title of the programme	Period (from-to)	Participants	
		Female	Male
Nil	Nil	Nil	Nil

7.1.2 Environmental Consciousness and Sustainability/Alternate Energy initiatives such as: Percentage of power requirement of the College met by the renewable energy sources

The institution always works towards creating environmental awareness among students. The curriculum includes a compulsory Environmental Studies course which introduces them to environmental issues. The students are taken on excursions to places of ecological diversity like nearby forest areas or the Kapla beel, to educate them

on species diversity and related subjects. They are later assigned projects on the same. These reports, at a later stage, are evaluated by subject teachers who make an analysis of the findings and give comments or suggestions through group discussions.

7.1.3 Differently abled (Divyangjan) friendliness

7.1.7 Initiatives taken by the institution to make the campus eco-friendly.

1. Tree plantation, gardening, etc.
2. Use of plastic bags is banned within the campus

7.2 Best Practices

Describe at least two institutional best practices

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

1. **Flood Camp and Relief:**

Goals of the Practice:

- a. To offer help and relief to flood victims
- b. To make our own little contribution towards Assam's persistent flood issue.

Context: The institution is surrounded by low-lying areas which are hit by floods twice or thrice in a year. The college building is then requisitioned as a relief camp for flood victims of the neighbouring areas. The college provides essential support like toilet and drinking water facilities, power supply, in addition to a meal a day on top of the

government supplies.

Practice: The IQAC took an initiative to collect a substantial amount of fund for providing relief materials to flood victims outside the college camp. Both teaching and non-teaching staff and students were instrumental in distributing relief materials among the flood victims of the flood affected areas of Barpeta district.

Evidence of success: Success cannot be measured every single time in concrete terms. Little acts of kindness for the sake of humanity bring satisfaction to the ones who can offer little help to fellow humans in times of utter crisis.

2. Environmental Consciousness and Sustainability:

Goals of the Practice:

- a. To protect the planet from degradation
- b. To minimise anti-climatic activities at the institutional level.
- c. To impart ecosystem and biodiversity values into students.

Context: The institution always works towards creating environmental awareness among students. The curriculum includes a compulsory Environmental Studies course which introduces them to environmental issues. The students are taken on excursions to places of ecological diversity like nearby forest areas or the Kapla beel, to educate them on species diversity and related subjects. They are later assigned projects on the same. These reports, at a later stage, are evaluated by subject teachers who make an analysis of the findings and give comments or suggestions through group discussions.

Practice: Green audit of the college campus was undertaken under the initiation of the IQAC. Continuous efforts are being made to maintain an eco-friendly campus. The College has many trees and foliage that offer food and shelter to various nonhuman species. There is a bottle brush tree (scientific name *Callistemon citrinus*) that becomes a habitat for harlequin hummingbirds through half the year, other than the fact that it is a medicinal plant. There is also an arjun tree (scientific name *Terminalia arjuna*), known traditionally to cure heart disease. There is a pond inside the college campus that is maintained by the management; the pond ecosystem supports various species of aquatic life. The College observed Wildlife Week by planting sufficient number of plants in the campus. A plantation drive was conducted on the occasion of World Environment Day in the adopted village Hilepara and adopted school Bamundi High School by teachers and students of the college.

Evidence of Success: We have made considerable progress in making our campus green and eco-friendly

7.3 Institutional Distinctiveness

Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust

Provide the weblink of the institution in not more than 500 words

Bapujee College is an institution that has been consistent in its services to the disadvantaged and the underprivileged.

The college is set in a rural area that has very poor connectivity with the rest of the world. There is no national highway or railroad running through this area. It is a society that is primarily agrarian. Since it is an idea widely accepted that rural communities are the backbone of our nation, our institution strives to strengthen this backbone in its own humble way.

In the last few years, a certain migratory trend has been noticeable as families that can afford send their wards to urban or semiurban study centres. The students that enroll themselves in our college are not just financially but academically weak. Here at Bapujee College, we give our best to bring the best out of these students. We instill values and impart strategies that can help them not just survive with but make the best out of the means they have. We teach them that no position is disadvantageous enough to stop one from dreaming or fulfilling dreams.

Students receive maximum support from the authority and individual teachers. Teachers often get books for students, provide financial aid in terms of form fill up and admission. For the entire academic session, the library lends books to poor students that they can keep throughout the session, and return after the completion of term end examinations.

1. Future Plans of action for next academic year (500 words)

- To construct more classrooms
- To make safe drinking water facilities available to everyone
- To build a proper drainage system to drain out rain water and get rid of water logging
- To construct a day-care centre
