Terms and Conditions

1. Payment Options

Online Card Payments

We accept Debit Cards (Visa, MasterCard, Maestro, and RuPay) and Credit Cards (Visa, MasterCard, and Maestro). All card payments are processed through a secure online payment gateway.

Your card details remain protected, as transactions are authorized directly by your bank. No sensitive card information is stored or processed by us.

Depending on your internet connection, the authorization process typically takes approximately 25–30 seconds. Upon successful verification, your bank will generate an authorization code and confirm the completion of the transaction.

Internet Banking

If you hold an account with any bank in India, you may pay fees or other charges through your bank's net banking facility. Payments are processed through a secure online payment gateway, and the amount will be automatically debited upon successful authorization.

2. Privacy Policy

We do not collect any personal information unless you voluntarily provide it to us. Any information you choose to share will be used solely to fulfil your request.

We may collect technical information such as your IP address, browser type, operating system, date and time of access, pages visited, and referring website information.

This information is used exclusively to improve website functionality, analyse traffic trends, and enhance user experience. We do not track or store information that identifies individual users.
